**Jacklyn Nadeau** // Mar 16, 2008 at 3:20 pm

This lady is Helen Harp, not Hart.

---

**Susan** // Mar 18, 2008 at 2:54 pm

Thank you for the above correction!

The edit has been added under the “person” category.

**Ronald A. Couture** // Apr 5, 2007 at 6:44 pm

This picture was taken at the Burgess first Digester House . We knew it as the Old Chip Loft

back in our days. There was still one digester used for Black Liquor storage and that was #19. The Chip Loft was right above the Digesters, there was a gate that the operator opened and the chips would flow by gravity into the Digester. Same theory applied with the Blow Valves which would open directly into what we knew as the Blow Pits.

**Fred Smith** // Mar 29, 2007 at 1:21 pm

This photograph was taken at the Burgess Mill Digester House in January 1945. The man on the right is Roger Dignard (spelling of name may be incorrect).

**Roger W Dignard** // Jul 12, 2007 at 10:24 pm

Stumbled upon this photo. I am quite certain that the man on the right is my uncle; and the name is spelled correctly.

### Applied Health Fitness Option

[BA \(undergraduate\)](#) Offered by [PE](#)

This Option of the Physical Education major includes courses designed to address the knowledge, skills, and applications required of professionals qualified to design, implement, and evaluate physical activity and exercise programs for apparently healthy individuals, as well as individuals with known controlled disease, across the lifespan. The successful graduate is skilled in assessing health behaviors and disease risk, conducting fitness tests, prescribing appropriate physical activity and exercise, and applying psychosocial theories to promote health enhancing physical activity behaviors. This Option prepares students, academically and practically, for graduate studies, and/or for careers required leadership in organizing, directing, and managing programs for individuals and groups in private, corporate, commercial, and community settings. Students are encouraged to pursue professional certifications with organizations such as American College of Sports Medicine, National Strength and Conditioning Association, National Academy of Sports Medicine, and others.

### **PE 3590 Adaptation and Inclusion in Physical Activity**

3 undergraduate credits

An examination of the philosophical, theoretical, and practical applications in promoting lifespan physical activity. Focuses on inclusion, adaptation, and accommodation within activity environments in order to promote self-actualization and active, healthy living for all across the lifespan. Learners explore personal factors and the influence of organizations, community, and public policy on physical activity. Studies social and cultural barriers and enablers, as well as the intersection of ability, race, age, income, class, and appearance with physical activity/inactivity identities, beliefs, values, and behaviors.
